SUMMARY

Experienced Digital Motion Designer with over 10 years in digital media design, specializing in Adobe Creative Suite (Illustrator, Photoshop, Animate, After Effects, and Figma). Proven expertise in technical graphic design, schematic creation, and production file preparation. Strong knowledge of typography, color theory, and layout design.

EXPERIENCE

DIGITAL MARKETING DESIGNER AT VACATIA

FORT LAUDERDALE, FL | JUNE 2026 - PRESENT

- Design digital and print marketing materials for the marketing team, including emails, social media assets, fact sheets, retractable banners, and magazines.
- Design and test A/B email variations in Figma to improve engagement and performance.
- Created a Figma design system to support consistent, efficient design across marketing materials.
- Produce videos from long-form to short-form content, along with social media assets and animations for the web.
- Worked on websites, landing pages, and digital assets across email, social media, digital advertising, web banners, e-commerce, and digital campaigns.

DIGITAL MOTION DESIGNER AT KROGER

BOCA RATON, FL | AUGUST 2019 - MAY 2026 | FULL TIME

- Used Adobe Creative Suite, Figma, and Rive to design on-brand, story-driven assets for emails, landing pages, videos, interactive experiences, and paid media, using minimalist layouts, clear hierarchy, and strong typography.
- Retouched stock photography to produce weekly B2B and B2C landing pages and designed e-commerce web experiences optimized for conversion, usability, and responsive design. Managed Shopify content updates and publishing.
- Built paid media mockups in Adobe Photoshop and transformed them into interactive assets using Google Web Designer, Adobe Animate, and Hype 4. Produced animated paid social assets for Vitacost and Kroger that supported revenue growth.
- Supported award-winning Vitacost email campaigns (AMP, dynamic, and responsive), with primary responsibility for graphics and GIF animations. Developed assets for product launches, promotions, and integrated campaigns across web, email, social, paid, and retail-partner channels.
- Created wireframes, user flows, and Figma prototypes, partnering with marketing, developers, project managers, and stakeholders from concept through launch. Integrated AI-assisted workflows, including generative AI and prompt engineering, to speed up concepting and production.

DIGITAL MEDIA DESIGNER AT CENDYN

BOCA RATON, FL | MAY 2015 - OCTOBER 2020 | FULL TIME

- Design, animate, and code interactive paid search ads tailored for the hospitality industry, using Adobe Animate, Illustrator, Photoshop, and Google Web Designer to deliver engaging digital experiences.
- Retouch and resize stock photography for paid search ad formats. Build lightweight animated ads using GSAP (GreenSock Animation Platform) timelines to ensure optimal performance.
- Cleaned up paid media assets to meet CDN and Google specifications, ensuring all files were optimized, compressed, and properly formatted for smooth web delivery and display.
- Used Google Ad Validator, Rich Media Previewer, and Display & Video 360 Ad Tester to test paid media assets, troubleshoot issues, and ensure error-free code.
